### CONTRACT AIR

This memorandum is to inform your Honorable Board of the release of the Erickson Air-Crane Helitanker effective today, December 30, 2013, and the extension of the SuperScoopers to January 15, 2014.

The Los Angeles County Fire Department has continued to augment staffing due to the lack of rainfall, continued weather conditions with high winds, low humidity, and mild to moderate temperatures.

The Department will continue to evaluate weather projections and provide an update by January 13, 2014, if the release of the SuperScoopers will be extended for an additional period of time.

If you have any questions or need additional information, you may contact me at (323) 881-6180.
